CUSTOM HOUSE NOTICE.

Notice.

TO MASTERS OF NATIVE VESSELS.

IN accordance with a Resolution of the Government of Bengal in the Marine Department, dated 13th January 1883, regarding the exhibition of lights on native craft, it is hereby notified that the larger or sea-going craft, such as buggalows, must be provided with a small box, protected with the proper coloured shade, large enough to receive a light fitted on each bow, the red and green lights being permanently and separately fixed. Open cargo boats and other smaller craft are allowed to exhibit the necessary red and green lights by hand.

2. On and after the 1st April 1883, the master of every native craft will be required to produce to the Collector of Customs, before the grant of a port clearance, a certificate signed in Calcutta by the Deputy Conservator and Harbour Master, and at the out ports by the Port Officers, showing that they are provided with the proper lights, and have the necessary appliances for fixing and exhibiting them in their proper positions, that the men in charge know the sides on which the green and red lights should be shown, and that there is on board each vessel a copy of the rules of the road at sea, in a language understood by the masters.

NOTIFICATION.

The 21st March 1883.—The following revised rules for the regulation of the departmental examinations of junior members of the Covenanted Civil Service, the Subordinate Executive Service, the Non-Regulation Commission, Police, &c., are hereby published for general information:—

1. All Assistant Magistrates, Assistant Commissioners, Deputy Magistrates and Collectors, Assistant Superintendents of Police, and others (to whom these rules may be applicable), who may have been more than six months on duty, shall, and those who have been less than six months on duty, may, at their option, be subjected to half-yearly departmental examinations, and shall be required to pass according to the standard, or the standards, of examination which may be applicable to them respectively in each subject according to the rules hereinafter set forth.

2. To direct and control these half-yearly departmental examinations, there shall be a Central Examination Committee appointed by Government. It shall consist of a President and of as many members (of whom one shall be Secretary) as the Government may think proper to appoint from time to time.

3. The examinations may be held, in the Regulation Provinces, at any station which is the head-quarters of a Divisional Commissioner, or where there is a District Judge; and for the Non-Regulation Provinces at the following stations, and at any other stations where the Commissioner may, in communication with the Central Examination Committee, think it necessary to hold Committees for examination:—

For Chota Nagpore, at Ranchee.

For Cooh Behar, at Darjeeling or Julpigoree.

For the Sonthal Pergunnahs, at Bhagulpore.

For the Chittagong Hill Tracts, at Chittagong.

4. Each Divisional Commissioner shall notify, at least one month before the date of examination, at what stations in his division examinations are to be held, and shall report the names of intending examinees, specifying at which centre of examination each is to attend. If a Divisional Commissioner has only a very few examinees, and if the means of locomotion are easy, he will probably have only one or two centres of examination in his division.

5. The Central Examination Committee may, on sufficient cause being shewn, permit the appearance of an officer for examination at a station other than that at which, under ordinary circumstances, he would be required to present himself.

6. At the several stations at which examinations are to be held, Local Committees shall be formed, who shall conduct the examinations under the instructions of the Central Committee.

7. The Local Committee at each station, which is the head-quarters of a Commissioner, shall consist of the Commissioner, the Collector (or Deputy Commissioner), and a native civil officer to be selected by the Commissioner. In the absence of the Commissioner or Collector, the Judge (or Judicial Commissioner) shall take his place on the Committee. At the other stations the Committee shall consist of the Judge, the Collector, and a native officer to be selected by the Judge. At the stations in the Non-Regulation Provinces which are not the head-quarters of the Commissioner, and at which there is no Judicial Commissioner, the Deputy Commissioner shall form a Committee, with one or two other officers to be selected by him.

8. The Government will, in communication with the Central Committee, fix the days for the half-yearly examination, which shall be the same for every district. The first half-yearly examination will usually be held in the month of April, May, or June, and the second in the month of October, November, or December.

9. It shall be the duty of the Central Committee to prepare, previous to each examination, sets of questions to be put to the examinees, to forward a sufficient number of copies of each of such sets to the President of each Local Committee in a sealed packet, to determine the order in which the examination in each paper and subject shall be held, and to arrange all other details for the conduct of the examinations. The Central Committee from time to time shall lay down such rules as may appear to them best for the guidance of the Local Committees, in order to ensure a fair and uniform method of ascertaining the proficiency of the examinee in each subject.

10. The Local Committee shall not open the sealed packet of papers until the time of examination; they shall superintend the written examinations of the examinees only so far as may be necessary to ensure the conduct of them with proper strictness; they shall not examine the written answers, but shall forward them to the Central Committee with a report, which shall be furnished by the District Officer and Commissioner under whom the examinee has been employed, respecting his official character, qualifications, and the work done by him during the preceding six months, as well as a statement specifying the marks which they assign to candidates for commercial proficiency in the vernacular, in which branch their decision shall be final.

11. The Central Committee, after perusing the reports and the examination papers, shall report to Government the names of such officers as in their opinion have passed, noticing specially, in the order of their merit, those who may have passed with distinction. They shall also report the names of those officers who have succeeded in some of the subjects only, as well as of those who have failed altogether.

12. There shall be two standards of examination in Law and Languages, the Lower and the Higher Standard. With the exception specified below, officers are required to pass in Law and in the language of the district by both the Higher and the Lower Standards, and in a second language by the Higher Standard only.

13. In Appendix IV will be found the rules prescribing the tests in the vernacular which European officers of the several departments are required to satisfy.

For native officers, when required to pass in any vernacular, the same rules and tests shall apply as in the case of European officers. But if the officer does not know English, he will translate into his own vernacular, and not into English, and it will be unnecessary for him to transliterate the paper set for that purpose.

14. The only language in which officers generally shall be required to pass by the Lower Standard shall be the vernacular of the district in which they may be serving, and the principal object of the examination shall be to test the proficiency for practical purposes of the examinee in such language.

15. The object of the Lower Standard of examination in Law shall be to test the examinee's practical acquaintance with the Criminal Codes, and his general knowledge of certain of the more important local laws, regulations, and rules. One paper shall be prepared specially for this examination, which shall be confined to the Criminal Codes, and for which the use of the Codes, but no manuals, guides, or books, with indexes, shall be allowed. The questions must not be such as can be answered by copying a passage from a book; they must be such as shall thoroughly test the capacity of the examinees to understand the bearing of facts, and to ascertain the law and apply it. Another paper shall be prepared, consisting of questions on the local laws, regulations, and rules enumerated in Appendix I. These must be answered without the aid of books. This paper is designed equally for the candidates for examination by the Lower and Higher Standards, but the number of pass marks shall be less in the case of examinees by the Lower than in that of those by the Higher Standard of examination.

16. In the examination by the Higher Standard, it is necessary for the examinee to pass under the rules referred to above in two vernacular languages, ordinarily Bengali and Urdu. The questions of law and practice will be selected from the whole field of the duties of a Magistrate and Collector. All examinees will be required to pass in two papers. The nature of the one, in answering the questions in which the use of books will not be allowed, has already been explained in paragraph 15. The other paper, for which the use of books will be allowed, will contain questions on the local laws, regulations, and rules, set forth in Appendix II. The examinees may have all the Acts, Regulations, and Circulars, but no manuals, guides, or indexes. The questions should be confined as much as possible to cases commonly arising in the ordinary routine of the office of a Magistrate and Collector, or of a District Superintendent of Police. Certain facts of probable occurrence in real practice should be stated, and the examinee required to find and apply the law applicable to the facts.

17. A Government Civil Servant must pass the examination in local laws, regulations, and rules and in both languages by the Higher Standard. He will be required to pass by the Lower Standard in one subject only, and that the vernacular of the district in which he is serving.

18. Officers who, after passing in the higher grade the preliminary examination for admission into the Subordinate Executive Service held in 1873 or subsequently, have received appointments in that service, will be subject to no further examination except the Higher Standard departmental examination, and the opium laws examination for those candidates who are appointed to the Opium Department without having taken the opium papers. Candidates who passed at the Subordinate Executive Service examination which was held in 1872 are exempted from examination by the lower standard in the vernacular only. They will be required to pass in law by that standard.

19. Where a candidate, other than a covenanted civilian, allowed by Government for any special reason to present himself for examination by the higher standard in law or languages before passing the lower, fails to pass the higher standard in either subject, the Central Examination Committee shall have full authority to decide whether he has done sufficiently well to pass by the lower standard.

An uncovenanted officer who has passed the departmental examination by the lower standard in any subject is at liberty to present himself for examination in that particular subject by the higher standard before passing in the remaining compulsory subject by the lower standard.

20. An officer who succeeds in passing by either standard (a) in Law or (b) in either of the languages, shall not again be required to present himself for examination by the same standard in the subject in which he was successful, but only in those in which he failed.

21. The marks to be assigned to each branch of the law examination, the proportion required for passing by the different standards, and the time allowed for each paper, are set forth in Appendix III. The same information as regards the examination in languages will be found in Appendix IV. Uniformity must be rigidly enforced in the time allowed for each subject, whether in law or language.

22. A civil officer who has passed according to the lower standard of examination, and who has exercised the powers of a Magistrate of the third class for six months, shall usually be vested with the powers of a Magistrate of the second class, described in sections 32, 33, 35 and 36 of the Code of Criminal Procedure (Act X of 1862), provided he is certified by the Commissioner to be fully competent to exercise them. Assistant Magistrates and Assistant Commissioners will also then be vested with the powers of a Deputy Collector.

23. An officer, however, who shall have passed by the lower standard in the Criminal Codes and in the language of his district, may be vested with the powers of a Magistrate of the second class on the Commissioner's recommendation to that effect, provided he has had not less than six months' experience in his magisterial duties.

24. An officer who has passed according to the higher standard shall be eligible to be vested with the powers of a Magistrate of the first class, but not until he shall have exercised the powers of a Magistrate of the second class for at least six months.

25. An officer who has passed in law and in the language of his district according to the higher standard, may also be vested with the powers of a Magistrate of the first class, subject to the condition of his having exercised the powers of a Magistrate of the second class for six months; but he shall not be entitled to any promotion or increase of pay until he has passed fully by the second standard. He shall exercise the powers of a Magistrate of the first class so long only as he is employed in a district where the language in which he has passed is the vernacular.

26. Assistant Magistrates and Assistant Commissioners, on first appointment draw only Rs. 400 a month. On passing the Lower Standard of examination, and being invested with the powers of a Magistrate of the Second Class, they shall be allowed an increase of Rs. 50 a month, provided they have exercised the powers of a Magistrate of the Third Class for six months at least; and on passing fully the Higher Standard, and being invested with the powers of a Magistrate of the First Class, they will receive a second increase of Rs. 50, provided they have also exercised the powers of a Magistrate of the Second Class for not less than six months.

27. Officers attending these examinations will be allowed travelling allowance subject to the rules laid down by the Government of India in the Financial Department, in Notification No. 4425 of the 12th December 1872.

28. No application from any junior officer, liable to examination, for privilege leave or leave on private affairs, will be entertained if the

following half-yearly examination falls due before the expiry of the leave applied for, unless the application specifies that the applicant will attend the examination.

29. If such leave is applied for, and the application from such an officer is submitted to Government, it should be stated that he is liable to pass an examination, and that the next examination will be held within the period of the leave applied for. This will enable the Lieutenant-Governor to decide whether, for the reasons stated, the leave should be granted; and if so, on what conditions.

30. It is the duty of district officers to look to the practical training of the young officers placed under them from their first entering into official life till they acquire a practical experience of their work and qualify themselves for the exercise of higher powers by passing the prescribed examinations. District officers are expected to take active interest in the well-being of the young men placed under them, by exercising due supervision over their studies, by holding periodical examinations to test their qualifications and official knowledge, and by any other means which may seem to them to be expedient for the purpose.

SPECIAL RULES.

1. For Police Officers, the papers set in Law for both the Lower and the Higher Standards shall be prepared separately from those for other officers. For the Lower Standard questions shall be set in the Penal Code, the Code of Criminal Procedure, Act V of 1861, the Village Chowkidari Act VI (B.C.) of 1870, Act I (B.C.) of 1871, and the D and N Circular Orders of the Police Department. The use of books will be allowed in answering these questions. For the Higher Standard the questions will be taken from the same Acts, and from all the Circulars of the Police Department, from the Excise, Salt, and Opium Laws, from Act V (B.C.) of 1876 (so far as it relates to Police), and from the Evidence Act I of 1872. In this examination the use of books will not be allowed.

2. Police Officers transferred to the Executive Service, or who desire such transfer, will be required to satisfy the same tests as those prescribed above for officers of the Subordinate Executive Service, subject to the exception noted below.

3. When such an officer has already passed by either standard in a language, the pass will be accepted as sufficient to that degree.

4. Any officer so transferred, who has passed in Law by the Lower Standard (as hitherto required for the Police), will be required to pass for the Lower Standard in the general papers of local laws, &c. He will be exempted from examination in the Criminal Codes prescribed for the Lower Standard if he so desire; but if he elects to pass, such pass will be taken into account in his favour.

5. Such officers who have passed by the Higher Police Standard in Law will still be required to pass in both law papers prescribed in paragraph 16 above, the term "law" including Revenue and General law.

6. Officers of the Opium Department will be examined, after admission to the department, in the subjects mentioned in Government orders No. 11576 of 28th October 1872.

APPENDIX IV.

Revised Rules for the examination of Civil Officers in the Lower Provinces of Bengal in the Vernaculars.

THE following rules for the examination of civil officers in the Lower Provinces of Bengal apply to all European officers of the classes specified in them, and to such others as the local Government may from time to time direct. They do not affect the rules for the encouragement of the study of the languages of frontier tribes, a copy of which is given in Appendix V.

2. Three grades of examination are recognized:—

(I)—The Higher Standard of examination for civil officers, held under the direction and control of the Central Examination Committee.

(II)—The Higher Standard of examination prescribed for military officers by G. G. O. No. 734, dated 9th September 1864, and G. G. O. No. 294, dated 24th March 1866; and the Lower Standard of examination for civil officers held under the direction and control of the Central Examination Committee.

(III)—The Lower Standard of examination prescribed for military officers in Hindustani by the G. G. O. above quoted.

3. Officers of the Public Works, Education, Survey, and Forest Departments are examined under special rules.

Officers of the Survey, Forest, Education, and Public Works Departments. In their case either of the standards specified in grade II will be accepted as sufficient, should they exceptionally have to be examined along with the officers attached to the general administration.

4. The officers named in the margin are required to pass the examination specified in grade I above in the vernacular of the district in which they may be serving. Assistants in the Opium Department, who have not passed the Native Civil Service Examination in Hindustani, are required to pass in that language only by the Lower Standard of departmental examination specified in

Officers required to pass in one language only.

1. Deputy Magistrates and Deputy Collectors.
2. Sanitary Sub-Registrars.
3. Canal Superintendents.

grade II above.

5. Deputy Collectors who, under the preceding rule, have passed in one language only, will not ordinarily be transferred to a district with a different vernacular. If they are so transferred, and if otherwise qualified, they will be considered as eligible for promotion without passing in the vernacular of the districts to which they are transferred for a period of 12 months following their transfer. After the expiry of that period they will not be eligible for promotion unless they pass in the second language.

6. Medical officers in civil employ, whether covenanted or uncovenanted, will be required to pass in the language of the district by one or other of the standards specified in grade II. Army medical officers, who have passed the Military Lower Standard of examination specified in grade III in Hindustani will not be subject to further examination in that language.

Special rules for medical officers.

7. Medical officers in civil employ, who have passed in one language under the above rules, if posted to a district where another language is the vernacular, will be required also to pass in it, but only by a conversational test designed to prove their ability to converse with the people and be understood by them.

Officers required to pass in two languages.

1. Covenanted Civilian.
2. Assistant Commissioners.
3. Assistant Superintendents of Police.

8. The officers named in the margin are required to pass by the standard specified in grade I above in two languages, which may be Bengali and Hindustani, or Oorya and Hindustani.

9. Military officers who have passed in Hindustani by the Military Higher Standard of examination specified in grade II are not liable to further examination in that language.

10. Officers generally are required, in the first instance, to pass in the language of the district in which they are serving by the Lower Standard specified in grade II above, before attempting a second language, in which passing by the Higher Standard only will be required. Covenanted civilians are, however, allowed to pass by either standard, and in either language in any order.

Officers exempt from the Lower Standard of Examination.

11. Uncovenanted officers who have passed in any vernacular at the Native Civil Service Examination are not required to pass in it again by the Lower Standard of departmental examinations, but may go up for the Higher Standard in cases where they become liable to this examination.

12. An officer liable to pass in two languages, when he has passed in the language of the district by the Lower Standard as required in Rule 10 above, may present himself for examination by the Higher Standard in that language, and in the second language, which will be Hindustani in the case of those who first qualify in Bengali or Oorya, and in the case of those who first pass in Hindustani, Bengali, or, if they be posted in Orissa, Oorya.

13. Covenanted civilians who, on the 4th May 1874, were of less than 12 years' standing, and have passed in Hindustani and Bengali, will, on transfer to Orissa, as a condition of promotion to the substantive grade of Magistrate, be required to pass in Oorya as a third language. Similarly, those who have passed in Hindustani and Oorya only, will, on transfer to Bengal, be required to pass in Bengali as a third language. On passing in a third language under this rule, covenanted civilians become entitled to a reward of Rs. 500.

Cases in which a third language is compulsory.

14. Police officers and uncovenanted Deputy Collectors are not required to pass in a third language under the preceding rule; but if they elect to do so, they will be eligible for a reward of Rs. 180.

Cases in which a third language is optional.

15. The examination specified in grade I above and the Lower Standard of examination specified in grade II above will be held under

the rules for the conduct of the departmental examination of civil officers, and under the direction and control of the Central Examination Committee in Calcutta.

16. The Military Higher and Lower Standards of examination specified in grades II and III above will be conducted in the case of military officers by the Board of Examiners in Calcutta under the rules applicable to these examinations generally. In the case of uncovenanted medical officers, and optionally in the case of covenanted medical officers, these examinations will be held under the direction and control of the Central Examination Committee, and along with the departmental examinations.

The following are the tests prescribed for the several grades of examinations:—

Grade I.—The Higher Standard of Departmental Examination.

A.—Reading current handwriting in the vernacular.

Two documents of the more difficult description of office papers selected and lithographed by the Central Examination Committee shall be transliterated into the Roman character.

B.—A written translation from the vernacular into English.

The same documents shall also be translated into English correctly.

C.—A written translation from English into the vernacular.

An English judgment or other official document of a somewhat difficult nature, selected by the Central Examination Committee, shall be translated into the vernacular without assistance, and in a generally correct manner.

D.—Dictation from English into the vernacular.

An English report or other official paper of some difficulty shall be translated into the vernacular and dictated off-hand fluently and intelligibly, and the translation written down by a clerk exactly as dictated.

E.—Conversation in the vernacular.

The examinee shall be tested in conversation with several natives in such a manner as to satisfy the local Committee of his power of making himself understood by them, and of explaining himself with clearness and sufficient propriety in the vernacular in an argument or topic of some difficulty, such as may occur in official business.

The maximum and the pass marks assigned to each branch of the examination, and the time allowed for the papers, are subjoined:—

Subjects of examination.	Maximum marks.	Passing marks.	Time.
Transliteration	20	10	One and a half hours.
Translation from vernacular	20	10	
Translation from English	20	10	Two hours
Dictation from English	20	10	Half an hour

Grade II (a).—The Lower Standard of Departmental Examination.

For this examination the tests shall be the same as the above, but the papers shall be less difficult. The proportion of marks to be obtained in order to pass, and the time allowed for the papers, shall be the same as for the Higher Standard above described.

Grade II (b).—The Military Higher Standard of Examination.

The Military Higher Standard examination is intended to ascertain the ability of candidates—1st, to read and construe passages in books of ordinary difficulty in Urdu and Hindi; 2nd, to make accurate and idiomatic written translations from English and Hindustani in both the Persian and Deva Nagri characters; 3rd, to read and translate petitions, native letters, &c., in Urdu and Hindi; 4th, to converse with educated or uneducated natives of India in Hindustani.

The following are the tests prescribed:—

First.—Reading fluently, and construing with readiness and accuracy, not less than an ordinary octave page of the undermentioned works:—

(1) The *Bāgh-o-Bahār*.

(2) Selections from the prose of the *Prém Sagar*.

Second.—Translating accurately, and with correctness of idiom and grammar, not less than half an ordinary octavo page of plain English into language similar to that of the *Bāgh-o-Bahār*, and an equal amount into language similar to that of the *Prām Sāgar*. The translation must be reduced to writing, in the former case in the Persian character; in the latter in the Deva Nagri character.

Third.—Reading fairly, and translating readily and correctly, Hindustani manuscripts written in both the Persian and Deva Nagri characters. These manuscripts may be selected from the proceedings of a case in court, from reports or petitions addressed to civil or military authorities, from letters passing between natives of India in the ordinary course of business, or from private correspondence. They should not be written with the clearness of a printed book, nor yet in a very cramped or crabbed hand, but in such a manner as fairly and honestly to represent the written characters as practically employed in the presidency or province in which the examination is held.

Fourth.—Conversing in Hindustani with the examiners or with natives of India with fluency, and with such correctness of pronunciation, grammar, and idiom, as to be at once intelligible.

In other languages the tests imposed are similar, but the books are different. Those used are—

In Bengali	... { (1) Noharari.
	(2) Rajdūt.
In Oorya	... { (1) Hitopadisa.
	(2) Bātris Singhasan.

Grade III (c).—Military Lower Standard of Examination.

At this examination shall be tested the ability of candidates to read and translate passages from easy Hindustani books written in the Persian and Deva Nagri characters; and to speak on, and interpret, common or professional subjects in Hindustani so as to understand, and to be understood by, any ordinary uneducated native of India.

They are required, *first*, to read fairly, and construe with accuracy, not less than half an octavo page of the undermentioned works:—

- (1) "Hindustani selections"* in the Persian character.
- (2) "Hindustani selections"* in the Deva Nagri character.

Second, to converse in Hindustani with the examiners, or with natives of India, on subjects likely to occur in the performance of regimental or professional duty, in the transactions of ordinary business, or in the course of every-day life.

"If this test be applied through the medium of a native of India, he should speak the plain Hindustani of the presidency or province in which the examination is held, free from peculiarities of idiom and dialect, and not a *patois*, and though, as regards the performance of professional duties, it must to a certain extent be technical in its nature; if, in other respects, the candidate prove his ability to comprehend readily all that is said to him, and to make himself fairly intelligible, more should not be required."

The colloquial examination of each candidate will be carefully recorded in writing by the Committee of Examiners, and a copy of this record will be forwarded with the Committee's report to the Adjutant-General of the Army. It is in this portion of the examination that discretion and judgment on the part of the examiners is most required; and in conducting it, Committees should strictly follow the instruction laid down in the extract from the orders of the 9th September 1864 above quoted. Questions intended simply to puzzle a candidate should be particularly avoided. The questions need not exceed 15, but should not be less than 10 in number.

APPENDIX V.

Rules for the encouragement of the study of the languages of Frontier Tribes mentioned in paragraph 1 of Appendix IV.

THE following are the rules sanctioned for granting rewards to civil officers in Bengal for proficiency in the languages of frontier tribes.

2. A reward of Rs. 1,000 (one thousand) will be granted to any Covenanted Civilian, Deputy or Assistant Commissioner, Deputy Collector, District or Assistant Superintendent of Police, Civil Surgeon,

* * Until these selections have been prepared, candidates will be examined in the first-half of the *Bāgh-o-Bahār* and the first half of the *Bīyat Pachāra*.

by the prescribed standard on examination in any one language in any of the groups of languages noted in the margin, provided that the language is spoken within the district where the

officer is at the time employed, or by tribes contiguous to it with whom he has official relations. A second reward will in no case be given to an officer for proficiency in a second language of the same group. The grant of a reward is in every case subject to the condition that it will not be allowed to a native candidate for passing an examination in any language with which, from his birth or education, he is naturally familiar, or which is closely allied to his vernacular language.

3. The examination shall be conducted by a local Committee to be specially appointed by Government on each occasion.

4. The tests which a candidate for the above reward must undergo are as follow:—

- (a.) He must be able to converse freely with the people of the tribe in whose vernacular he may wish to qualify to understand, and to make himself understood by them.
- (b.) He must write down in the English, or the Bengali or Hindi character, sentences spoken in the tribal language by one of the tribe, or a conversation held between two of them, and must explain it correctly in English.
- (c.) He must without assistance translate from English or his mother-tongue into the tribal language (writing it in either the English, or Bengali, or Hindi character) sentences not of a more difficult nature than those described in clause (b). The translation must be substantially correct and intelligible when read to a native in whose language it might be written.

5. These rules will not affect those prescribing the rewards to which Junior Civilians who succeed in passing High Proficiency and Honours examinations in certain specified languages will be entitled.

APPENDIX VI.

HOME DEPARTMENT.

No. 3101, the 5th October 1864.

THE Governor-General in Council having had under consideration the rules for the examination of military officers seeking admission to the Staff Corps in the Civil and Political Departments, which were published in the notification of Government, No. 242, dated 25th May last, has determined, subject to the sanction of Her Majesty's Secretary of State, on the substitution of the following rules:—

In continuation of the general regulations for the admission of officers to the Staff Corps, notified by the Military Department in G. O. No. 531 of 1864, dated the 27th June, the following rules relating to the future employment of military officers in the Civil and Political Departments of the Government are published for general information:—

I.—A candidate for appointment to the Civil or Political Department, with the view of qualifying for the Staff Corps, must furnish the certificates mentioned in paragraph 5 of G. O. No. 531, of which the forms were given in Appendix A of the same general order, and are now republished at the end of the present notification.

II.—He must have been previously attached, for a period of not less than one year, to a native regiment;* but such period may form part of the three years' duty with a regiment required by the general regulations for admission to the Staff Corps. He will be required to produce a certificate from his superior officer, testifying to his efficiency and good conduct, and especially to the conciliatory demeanour towards the native soldiery and other people of the country with whom he has been brought in contact.

* Any officer who has been employed for a year in one of the departments named on the margin will be exempted from the condition prescribed by Rule II, of one year's service with a native regiment, provided, however, that he shall produce from the officer under whom he may have served in any such department, a certificate (to be countersigned by the head of the department) to the same effect as that required from a superior officer in case of service with a native regiment.

Survey. (Commissionariat.
 Public Works. (Hind.
 Police.

III.—The period of one year—reckoned as explained in the following rule, from the date of the first half-yearly examination held subsequent to appointment—is fixed as the limit within which an officer, admitted on probation to employment in the Civil or Political Department, will be required to qualify himself to undergo the examinations hereinafter mentioned, in passing which he will have a claim to have his services retained; and he will then, under the orders of the Military Department, be appointed to the Staff Corps.

IV.—Examinations will be held half-yearly in October and April of each year. A candidate may appear at the first examination held after the expiry of the first six months of his probation, and if he fail to pass, must again appear at the next examination six months later. A candidate failing to pass at the first examination, held after the expiration of his year of probation, will be removed from employment in the Civil or Political Department, and consequently will not be appointed to the Staff Corps.

V.—Subject to such general directions as shall from time to time be given by the Government of India, the examinations will be conducted by a Committee acting under the orders of the Lieutenant-Governor, or Chief Commissioner, or Political Agent or Resident, as the case may be.

VI.—The examination will embrace, in the case of officers employed in general civil duties, the subjects of Indian History, Political Economy, and Jurisprudence. The works on the two last-named subjects in which candidates will be examined are Mills' Political Economy, Austin's Principles of Jurisprudence, Volume I, and Maine's Ancient Law. Notice of any change in the books for examination will be given at least one year before it takes effect.

VII.—Every officer in civil employment will, in addition to the above examination, and notwithstanding his appointment to the Staff Corps, be required to undergo the local and departmental examinations, prescribed for covenanted civil servants in the province in which he is serving.

VIII.—The examination in the case of officers employed in the Political Department will embrace the subjects above-mentioned, and the candidate will in addition be examined in Wheaton's Work on the Principles of International Law. He will also be examined in the collection of Indian Treaties and Engagements, now being published under the direction of the Foreign Office.

IX.—No officer will be admitted on probation to civil or political employment who has not passed the examination in Hindustani required by the general regulations for the admission of officers to the Staff Corps.

X.—Cantonment Magistrates will be classed with officers in civil employment. Separate rules will be promulgated hereafter as regards Police Officers; but Police Officers, if transferred to civil employment, will be required to pass the examination prescribed for officers in civil employment.

XI.—As a general rule, military officers will be appointed to the Political Department from among those who are already in civil employment; and every officer so transferred will be required to pass, within one year from the date of his transfer, the additional examination in International Law and Indian Treaties prescribed for the Political Department, failing which he will forfeit his appointment.

XII.—These rules are intended to be prospective in their effect. They will not apply to any officers now holding permanent appointments in civil or political employment. Such officers will be entitled to join the Staff Corps in virtue of their appointments. Officers, however, who do not hold permanent appointments will be subject to these rules. But the case of any officer who has been formerly in civil or political employment, and who, having quitted such employment, may hereafter be reappointed to it, will be specially dealt with as the circumstances of the case may require.

APPENDIX A.

Certificate of Commanding Officer.

CERTIFIED that Lieutenant _____ of the _____ Regiment, a candidate for the _____ Staff Corps, completed three years' duty with a regiment on the _____, two years of which (or the whole period of which, as the case may be) were spent in India.

Lieutenant has passed the examination in the Native languages which qualifies for Staff employment; and has attained such a knowledge of his drill duty as an officer of infantry (or cavalry) in all its branches as to qualify him for the command of a company (or troop) in all situations. He also possesses a fair knowledge of the Articles of War and the Queen's Regulations, as well as of the Military Regulations of the (Bengal, Madras, or Bombay) Presidency, besides having gained some general acquaintance with the organization and nature of the duties of all branches of the Army serving in (Bengal, Madras, or Bombay).

I further certify that during the period Lieutenant has served with this regiment he has been attentive to his duty, and that his conduct has been in all respects unexceptionable.

NOTIFICATION.

The 27th March 1883.—The following rules regarding salt, on which duty has not been paid, conveyed under bond from Chittagong to Naraingunge, having been approved by the Lieutenant-Governor of Bengal, are published for general information.

A. P. MacDONNELL,

Offg. Secretary to the Govt. of Bengal.

Rules for the removal of non-duty-paid salt under bond to Naraingunge from boardship or from bond at Chittagong.

An application in writing, specifying the name, tonnage, and master's name of the vessel intended to convey salt under bond for Naraingunge, must be made to the Collector of Customs, Chittagong, 24 hours previous to the time at which it is intended to commence loading.

2. Non-duty-paid salt may be conveyed under bond from Chittagong to Naraingunge by such vessels only as are approved by the Collector of Customs, Chittagong. Each vessel must carry a special pass in the annexed form under the signature of the Collector of Customs, Chittagong, covering the consignment of salt shipped by it.

3. The salt when placed on board such vessels must be stamped all over and conveyed under sealed hatches. Both the seals on the hatches and the stamps on the salt as reported on clearance by the Collector of Customs at Chittagong shall be separately examined and reported on by the salt darogah to the Collector of Customs, Naraingunge, on receipt of whose orders on the darogah's reports the seals may be broken and the salt weighed.

4. Salt on which duty has not been paid can only be removed from Chittagong under a bond to be executed by the bonder prior to the departure of the vessel or vessels conveying such salt. The bond shall be in the form appended to these rules, and shall state that the salt will arrive at Naraingunge within twenty-one days from the granting of the port clearance during the north-east monsoon (*i. e.*, from the 16th September to the 30th April) or within fifteen days from the date of the granting of port clearance during the south-west monsoon, (*i. e.*, from the 1st May to the 15th September). Port clearance shall not be granted till after the due execution of the bond and after the quantities entered in the tally books have been found to agree with those entered in the manifest (or cargo books) of such vessel or vessels. Single bonds may be accepted for any quantity of salt not exceeding 20,000 maunds, and shall cover all the vessels being loaded with the quantity of salt for which the bond in each case is given; and such vessels must, in each case, be named in the bond. The number and date of the bond is to be noted in the pass which accompanies each vessel, and in the copies of the pass retained by the Collector of Customs, Chittagong, and forwarded to the Collector of Customs, Naraingunge, respectively.

5. The vessel on arrival at Naraingunge shall be anchored as close as possible to the ghât leading to the warehouse in which the salt is to be stored, or at the nearest moorings to such ghât.

6. The weighment of the salt shall be made in the presence of the salt darogah, and a Customs peon shall invariably remain with the salt until the weighment shall have been completed. Weighment of the salt shall be made, as a general rule, on board the importing vessel. It will, however, be competent to the Board, on sufficient cause being shown, to permit the salt of any bonder to be weighed after removal to the shore, under such suitable precautions, to be taken at the sole expense of the bonder, as may be prescribed by the Collector of Customs, Naraingunge, and approved by the Board.

7. The salt shall be stored in a licensed warehouse immediately the weighment shall have been made. The door of the warehouse shall have two locks; the key of one lock (which must be a Chubb's lock) shall remain with the darogah, and the key of the other with the bonder's agent.

8. The bonder will be required to defray the cost of the preventive officers and all charges attendant on the weighing of the salt, both at Chittagong and Naraingunge, such weighments being conducted as laid down in the Board's rules for weighing salt intended for bond at Chittagong.

9. Both Customs officers and the exporter's agent will be required to certify at the end of each day's weighments the correctness of the tally book for that day's work.

10. The working hours with regard to delivery and weighment of salt shall be from 8 A.M. to 3 P.M., or such other hours as may be fixed from time to time by the Collector of Customs with the approval of the Commissioner.

11. If from any cause the weighments cannot be completed in one day, extra peons as may be considered necessary by the Collector of Customs shall be appointed to guard the salt, the cost being borne by the bonder.

12. When the discharge of salt from shipboard at Chittagong for conveyance under bond to Naraingunge is interrupted, or not completed, such quantity as has been actually delivered at the time of interruption shall be covered by a Customs boat-note. The salt so delivered must also be completely stamped over, and the hatches and all access to the hold must be sealed by Customs seals, to be examined by the night Customs Inspector, who must record his report of each such inspection.

13. The owner of the salt shall be required to pay full duty on any difference between the quantity of salt weighed over the ship's side or out of bond at Chittagong and the quantity weighed out of the brig or steamer at Naraingunge, less an allowance of one per cent. for wastage during the passage, if such wastage actually occurs.

14. On arrival at Naraingunge the salt shall be immediately bonded under proper supervision, the duty on the warehousing bill-of-entry being calculated on the whole quantity delivered on weightment from the vessel or vessels covered by the bond. As salt is cleared from bond, the quantity as entered in the clearance bill-of-entry will be noted on the warehousing bill-of-entry and duty paid accordingly. When the last quantity of salt under each bond is cleared, the bonders shall make good the deficiency, if any, between the amount of duty originally entered in the warehousing bill-of-entry and the total amounts of duty paid, less an allowance, on account of wastage, if such wastage has actually occurred, which shall not exceed $2\frac{1}{2}$ per cent on the whole quantity warehoused.

15. In addition to the above rules, the rules contained in sections VIII, to X of the Salt Manual shall apply generally to all salt conveyed under bond from Chittagong and warehoused at Naraingunge.

16. It is to be understood also that before permission can be given to transport salt to Naraingunge under bond, the bonders will be required to construct a suitable warehouse at Naraingunge, to be approved and licensed by the Collector, together with suitable accommodation for the warehouse establishment, also to be approved by the Collector. He will also be required to enter into an engagement with the Collector to defray the

cost to Government of the establishment noted in the margin, which will be appointed by the Collector for the guard and supervision of the warehouse.

The rules contained in paragraphs 5, 11, and 13 of section II of the Salt Manual shall apply generally to the appointment and payment of this establishment, and to the construction and repair of the warehouse and establishment accommodation.

NOTIFICATION.

The 27th March 1883.—The following rules regarding salt, on which duty has not been paid, conveyed under bond from Chittagong to Naraingunge, having been approved by the Lieutenant-Governor of Bengal, are published for general information.

A. P. MACDONNELL,

Offg. Secretary to the Govt. of Bengal.

Rules for the removal of non-duty-paid salt under bond to Naraingunge from boardship or from bond at Chittagong.

An application in writing, specifying the name, tonnage, and master's name of the vessel intended to convey salt under bond for Naraingunge, must be made to the Collector of Customs, Chittagong, 24 hours previous to the time at which it is intended to commence loading.

2. Non-duty-paid salt may be conveyed under bond from Chittagong to Naraingunge by such vessels only as are approved by the Collector of Customs, Chittagong. Each vessel must carry a special pass in the annexed form under the signature of the Collector of Customs, Chittagong, covering the consignment of salt shipped by it.

3. The salt when placed on board such vessels must be stamped all over and conveyed under sealed hatches. Both the seals on the hatches and the stamps on the salt as reported on clearance by the Collector of Customs at Chittagong shall be separately examined and reported on by the salt darogah to the Collector of Customs, Naraingunge, on receipt of whose orders on the darogah's reports the seals may be broken and the salt weighed.

4. Salt on which duty has not been paid can only be removed from Chittagong under a bond to be executed by the bonder prior to the departure of the vessel or vessels conveying such salt. The bond shall be in the form appended to these rules, and shall state that the salt will arrive at Naraingunge within twenty-one days from the granting of the port clearance during the north-east monsoon (*i. e.*, from the 16th September to the 30th April) or within fifteen days from the date of the granting of port clearance during the south-west monsoon, (*i. e.*, from the 1st May to the 15th September). Port clearance shall not be granted till after the due execution of the bond and after the quantities entered in the tally books have been found to agree with those entered in the manifest (or cargo books) of such vessel or vessels. Single bonds may be accepted for any quantity of salt not exceeding 20,000 maunds, and shall cover all the vessels being loaded with the quantity of salt for which the bond in each case is given; and such vessels must, in each case, be named in the bond. The number and date of the bond is to be noted in the pass which accompanies each vessel, and in the copies of the pass retained by the Collector of Customs, Chittagong, and forwarded to the Collector of Customs, Naraingunge, respectively.

5. The vessel on arrival at Naraingunge shall be anchored as close as possible to the ghât leading to the warehouse in which the salt is to be stored, or at the nearest moorings to such ghât.

6. The weighment of the salt shall be made in the presence of the salt darogah, and a Customs peon shall invariably remain with the salt until the weighment shall have been completed. Weighment of the salt shall be made, as a general rule, on board the importing vessel. It will, however, be competent to the Board, on sufficient cause being shown, to permit the salt of any bonder to be weighed after removal to the shore, under such suitable precautions, to be taken at the sole expense of the bonder, as may be prescribed by the Collector of Customs, Naraingunge, and approved by the Board.

7. The salt shall be stored in a licensed warehouse immediately the weighment shall have been made. The door of the warehouse shall have two locks; the key of one lock (which must be a Chubb's lock) shall remain with the darogah, and the key of the other with the bonder's agent.

8. The bonder will be required to defray the cost of the preventive officers and all charges attendant on the weighing of the salt, both at Chittagong and Naraingunge, such weighments being conducted as laid down in the Board's rules for weighing salt intended for bond at Chittagong.

9. Both Customs officers and the exporter's agent will be required to certify at the end of each day's weighments the correctness of the tally book for that day's work.

10. The working hours with regard to delivery and weighment of salt shall be from 6 A.M. to 3 P.M., or such others hours as may be fixed from time to time by the Collector of Customs with the approval of the Commissioner.

11. If from any cause the weighments cannot be completed in one day, extra peons as may be considered necessary by the Collector of Customs shall be appointed to guard the salt, the cost being borne by the bonder.

12. When the discharge of salt from shipboard at Chittagong for conveyance under bond to Naraingunge is interrupted, or not completed, such quantity as has been actually delivered at the time of interruption shall be covered by a Customs boat-note. The salt so delivered must also be completely stamped over, and the hatches and all access to the hold must be sealed by Customs seals, to be examined by the night Customs Inspector, who must record his report of each such inspection.

13. The owner of the salt shall be required to pay full duty on any difference between the quantity of salt weighed over the ship's side or out of bond at Chittagong and the quantity weighed out of the brig or steamer at Naraingunge, less an allowance of one per cent. for wastage during the passage, if such wastage actually occurs.

14. On arrival at Naraingunge the salt shall be immediately bonded under proper supervision, the duty on the warehousing bill-of-entry being calculated on the whole quantity delivered on weighment from the vessel or vessels covered by the bond. As salt is cleared from bond, the quantity as entered in the clearance bill-of-entry will be noted on the warehousing bill-of-entry and duty paid accordingly. When the last quantity of salt under each bond is cleared, the bondholder shall make good the deficiency, if any, between the amount of duty originally entered in the warehousing bill-of-entry and the total amounts of duty paid, less an allowance, on account of wastage, of such wastage has actually occurred, which shall not exceed $2\frac{1}{2}$ per cent. on the whole quantity warehoused.

15. In addition to the above rules, the rules contained in sections VIII to X of the Salt Manual shall apply generally to all salt conveyed under bond from Chittagong and warehoused at Naraingunge.

16. It is to be understood also that before permission can be given to transport salt to Naraingunge under bond, the bondholder will be required to construct a suitable warehouse at Naraingunge, to be approved and licensed by the Collector, together with suitable accommodation for the warehouse establishment, also to be approved by the Collector. He will also be required to enter into an engagement with the Collector to defray the

cost to Government of the establishment noted in the margin, which will be appointed by the Collector for the guard and supervision of the warehouse.

The rules contained in paragraphs 5, 11, and 13 of section II of the Salt Manual shall apply generally to the appointment and payment of this establishment, and to the construction and repair of the warehouse and establishment accommodation.
